The Blue Tower can host weddings, corporate events, musical performances, and more. With a capacity of 500 people standing and 200 for a seated dinner, we can accommodate almost any event. Built over 100 years ago, the tower building was extensively modernized during its recent renovation. The Blue Tower offers a superior sound system, in-house catering, and for corporate clients, an array of multimedia projection choices. We provide it all to make planning easy.

Customers who book before April 1 will receive a 15% discount for dinners with 150-200 guests and a 10% discount for dinners with fewer than 150 guests.

Please view our Booking page or contact sales director Sarah Hoffman to inquire about reserving the Blue Tower for your next event. She can be reached at 206-555-0125 or shoffman@thebluetower.com.

Subject:	Awards dinner

Dear Mr. Komatsu:

I want to let you know that I booked a new event space for our annual sales awards dinner on June 12. The Fairlake Restaurant, where we held our dinners in the past, was already reserved for that date. Julie Armstrong in the marketing department recommended the Blue Tower and said it would be perfect for us. I have looked at the gallery online, and I think you will be pleased with the view from the podium. There is plenty of space for the honorees to come forward to accept the trophies from you.

It would normally be more expensive than our previous location, but there is currently a 10% discount available for events like ours. We can decide on the menu with Arturo Cotera from the event planning committee, after the Blue Tower sends us the list of options.

Best regards,

Rebecca Seager

Category: Sports and Fitness

I recently tried out the Ryse-up Fitness app after a colleague recommended it. He grew tired of paying for an expensive gym membership and was looking for other options. The app provides a variety of workouts with different instructors. I like the convenience of taking fitness classes without any additional equipment, which is especially useful for people with limited space in their home, like me.

However, I found it disappointing that none of the classes can be taken live—they are only prerecorded sessions. While exercising on your own schedule is convenient, not having an instructor to help me with my specific fitness needs in real time is a major drawback. Though I was happy to receive a 40 percent discount on the app and certainly achieved positive results in the six months I used it, I could just as easily have used any recorded exercise routine on a video streaming service free of charge. For that reason, I rate the Ryse-up Fitness app 3 out of 5 stars.
